25X1A SUBJECT : Proposed Notice [REDACTED] Records Management, Forms Management - Numerical Forms Indexes (Job #971-IT)

1. Subject issuance is submitted for concurrence and comment.
2. This notice provides three indexes of forms approved for use in this Agency:

Attachment 1 - Index of Current CIA Forms
 Attachment 2 - Index of Current Standard Forms and Other Government Agency Forms
 Attachment 3 - Index of Obsolete CIA Forms

The listings are current as of 31 December 1954.

3. Working level collaboration was effected on a previous draft of the notice with Area Records Officers throughout the Agency. Recommended changes have been incorporated in this draft. As a result of this coordination 125 forms of other Government agencies, including a number of Standard Forms were declared applicable to the Agency, and 129 forms were declared obsolete, which resulted in the development of attachment 3.
